AI Quiz

Question 1 of 5

What is the standard form of a quadratic equation?

A y = mx + b

✓ ax^2 + bx + c = 0

C y = a(x - h)^2 + k

D x = -b/(2a)

Question 3 of 5

If the roots of a quadratic equation are 3 and 5, what is the equation in its factored form?

- ✗ (x - 2)(x - 4)
- ✓ (x - 3)(x - 5)
- C x^2 - 8x + 15
- D (x + 3)(x + 5)
